

30kWh Intelligent Energy Storage Cabinet for Hospitals Distributors

Overview

This air-cooling outdoor cabinet is now available on the market with a 30kW hybrid-coupled system, capable of both on-grid and off-grid operations. Additionally, H30 could be programmed to discharge and meet the energy demand on project basis, designed for small businesses. Designed for commercial, industrial, and microgrid applications, it integrates a 30kW PCS with a 60kWh LiFePO₄ battery bank to provide safe, efficient, and reliable power. The commercial and industrial energy storage solution we offer utilizes cutting-edge integrated energy storage technology. The most special design. GoodWe's ESA 30kW/60kWh all-in-one outdoor cabinet, designed for small to medium size commercial and industrial (C&I) energy storage applications, is a compact, easy-to-install, and high-performance turnkey solution energy storage system. All-in-One Design Integrated battery pack, inverter, BMS, and EMS in one cabinet Reduces installation time and space usage². High-Voltage System for Better E.
