

# Bess system for solar factory in suriname

## Overview

The Anton de kom University of Suriname has been donated a solar plant system of 1. 2MW with a Battery Energy Storage System of 500kWh through the UAE-CREF program. The Paramaribo BESS acts as a grid stabilizer, peak shaver, and renewable enabler all in one. SCM INDUSTRIES BESS delivers BESS containers, industrial microgrids, photovoltaic containers, foldable PV containers, telecom tower energy storage, off-grid/hybrid microgrid systems, diesel-PV hybrid microgrids, telecom room power, and source-grid-load-storage. This article explores the growing demand for uninterruptible power solutions, industry trends, and practical applications across commercial and industrial sectors. Nickerie's capital city is Nieuw-Nickerie. The district borders the Atlantic Ocean to the north, the Surinamese district of Coronie to the east, the Surinamese district of Sipaliwini to the south and the region. The Republic of Senegal, with its stable policy environment and proactive energy transition strategy, is rapidly emerging as a core market for photovoltaic energy storage investments in West Africa. Under this trend, ONESUN officially proposes to find local partners in Senegal in 2026 to jointly. Our BESS provides 100% emission-free, silent heavy-load backup. Engineered to handle massive inrush currents from induction.
