

District Chint Solar Support

Overview

The Customer Service Center provides service hotline and network message 24 hours a day, seven days a week, with both local and global coverage. The customers can contact us at any time anywhere. We have professional and experienced technical personnel to respond on a timely basis. Chint Solar and Voltis have joined forces to co-develop a circa 5 GW portfolio of renewable energy and storage projects in the United Kingdom. The first solar module was symbolically placed by local. CPS global customer service center initiates its official debut on 1st September, 2010 to provide 7X24h service and support for customers, including relative business consultation, technical support, project cooperation, spare parts supply, complaints and suggestions, etc. They reduce dependence on fossil fuels and, when thoughtfully designed, solar parks can create additional benefits. Switch to clean energy with CHINT's reliable and innovative PV technology and. Our tagline is "Value" – we think value creation starts at the early stages of design with thoughtful application engineering. Then, we aim to make product implementation as easy and fast as possible. Our goal is to be on site with you for every commissioning event for smooth turn-on and approvals. The Residential Solar Power Solution offers reliable, high-efficiency energy with modular design, rigorous quality control, and comprehensive, fast-response customer service, making it a trusted, eco-friendly choice for sustainable power.
