

Home Solar and Other Companies

Overview

Our team evaluated 68 U.S. solar companies based on reputation, solar services, payment options, state availability, and warranty coverage. Here are our picks for the best solar companies: 1. Most Reputable Installer: Blue Raven 2. Best Northeast Installer: Venture Solar 3. Best East Coast Installer: Solar Energy. Based on our methodology, we chose Freedom Solar and Blue Raven as our top two providers due to their solar panel selections, additional service options, and positive online reputations across review sites such as the Better Business Bureau (BBB) and Google. First, ensure the installer you're interested in provides high-quality, monocrystalline solar panels to maximize your solar investment. Also, check that it offers at least a 25-year product warranty and holds the proper certifications to operate in your area. Here are the key. You should know about the best payment options to maximize your investment and which solar incentives you're eligible for to avoid scammers or. *BBB ratings are accurate as of May 2024. Note: In July 2024, SunPower notified dealers it would be halting all new shipments and project.
