

Ip65 solar container outdoor power

Overview

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration. With robust protection (IP55/IP65), it ensures reliable operation in remote, off-grid. This is a professional Container Solar Battery Energy Storage System, offering flexible configurations from 1MW/1MWh to 10MW/10MWh with standard 10FT and 20FT container options. Adopting high-safety LiFePO4 battery cells and intelligent BMS management, it features long cycle life, all-round. Deye outdoor cabinet is an energy storage device designed for outdoor environments. These enclosures are equipped with thermostatically controlled heating and cooling systems, ensuring your batteries remain within optimal temperature ranges. Designed for ECO-WORTHY Solar Tracker: Included 10W solar panel charges the power box, and the box supply power for the tracker, so that forms a independent and complete solar tracker system. Efficient Power Generation, Effortless Compatibility:Compatible with Dual Axis Solar Tracker, Single Axis.
