

Sma solar inverter sales

Overview

The German solar inverter manufacturer reported fourth-quarter 2025 sales of €381m, down 18.5m, compared to a loss of €99.5m in the same period a year earlier. SMA connects photovoltaics, storage, e-mobility, and intelligent grid integration to create secure and efficient energy systems. For a renewable energy supply that is resilient, affordable, and sovereign. "We opted for a PV system, paired with battery storage. That way, we are as independent as we. We also supply the right inverter for every area of application, be it a home, business or industry. Learn more about our innovative technology here. The company was founded in 1981 by a team from the University of Kassel and has since. German solar inverter manufacturer SMA Solar has published its financial results for the first quarter of the year, which include falling sales in the home and commercial and industrial (C&I) sectors, but "significant sales growth" in the large-scale and project sector. "In view of the continuing weak market and immense price pressure in the home and commercial.
